Before you start...

1

Read Instructions carefully.

2

Lay out all of the components on a soft surface as if you were preparing to do a jigsaw puzzle.

3

Carefully identify each component, especially those that are similar. The most common mistake is getting things back to front.

4

Separate and identify each component from the hardware pack and rest each one in its proper location before fastening.

5

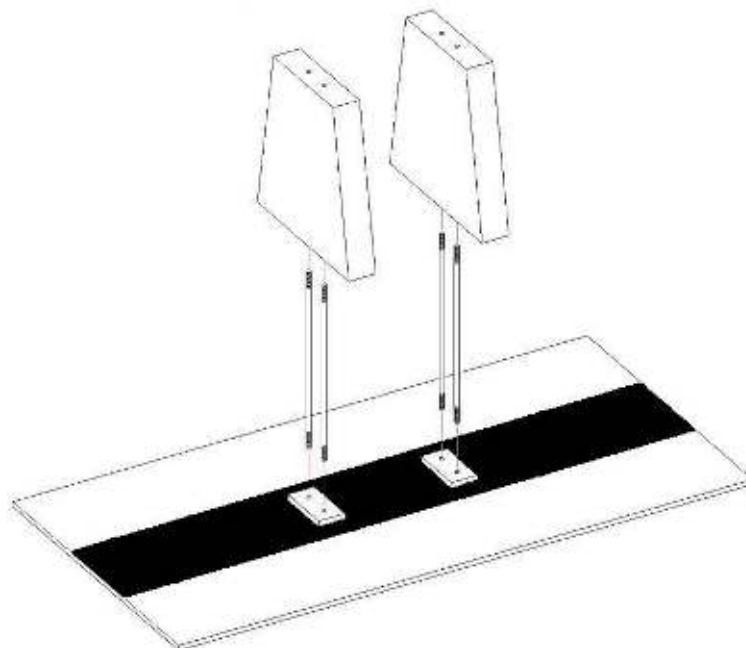

DO NOT Over-tighten screws

6

DO NOT set glue until you are certain that the parts belong together.
